Voter Data Primer

Printed Data Choices:

- **Standard Printed Voter List** – A tabular, alphabetical, list of voters with name, address, party, date of birth, email if available and phone # if available. You may limit the list by a specific district and by whether or not the voter has participated in specific elections. The Cost is \$0.75 per 1000 voters with a \$6.00 Set-up fee.
- **Printed Walking List** – A list of voters arranged by precinct, street and address, designed to be used when walking a precinct to identify the voters names on a street. You may limit the list by a specific district and by whether or not the voter has participated in specific elections. The Cost is \$0.75 per 1000 voters with a \$6.00 Set-up fee.
- **Voter Address Labels** – Adhesive Labels with voters addresses, you may either get the labels with one label for each voter, or one label for each household (this will replace the voter name with “All Voters at:” You may limit the list by a specific district and by whether or not the voter has participated in specific elections. The Cost is \$15.00 per 1000 labels with a \$10.00 Set-up fee.

Electronic Data Files:

- **Multi Purpose Voter File** – A tabular list of voters with name, address, party, date of birth, email if available and phone # if available, You may choose whether to include the history of voter participation as well (the default). You may limit the list by a specific district and by whether or not the voter has participated in specific elections. The Cost for all data files is \$130 for each CD with all data that is requested at that time.
 - **Reading the codes** – There are three sets of codes in this file that may need explanation:
 - **Status Codes** – This the status of the voter, it will be either A – Active, or P – Pending, they are functionally identical, pending just means we are awaiting non-essential information from the voter.
 - **Abbr** – This is our in office code for the basis of the last chance to the voter record. These should not effect your uses for the list.
 - **Voter Participation (Specific Elections)** – These are the codes for whether a voter has voted in each election and the manner of their voting:
 - [Blank] – This means they were not eligible to vote in this Election
 - N – This means they were eligible to vote in this election but did not cast a ballot.
 - A – This means they voted by receiving and returning a mail ballot.
 - V – This means they voted at a polling place.
 - * For presidential primaries the history will also show the party ballot they received.
- **Absentee Voter File** – A list of voters who have received a vote by mail ballot for the current election, with the date the ballot was sent and the date it was returned, if we have received it. You may limit the list by a specific district and by whether or not the voter has participated in specific elections. The Cost for all data files is \$130 for each CD with all data that is requested at that time.
